

Oral examination and calendar

Candidates that have opted to be interviewed remotely will use the Zoom application. Information for the use of Zoom is available at:

<https://zoom.us/docs/doc/Education%20Guide%20-%20Getting%20Started%20on%20Zoom.pdf>

Candidates must guarantee that they will use a webcam in order for them to be correctly identified by the Selection Committee and that they will connect on the day of the oral examination.

The other candidates will have to be present personally at the room address below, according to the calendar, at least 30 minutes before the start of the examination.

For identification purposes, the committee will use the **document that has been already uploaded in the application** before the start of their oral exam.

Failure to be present at the room where the interviews will be carried out, or, for candidates that have chosen to be interviewed remotely to connect on the day and at the time indicated, or failure to show a valid identity document as described in the previous paragraph, may result in exclusion from the selection process.

The University of Padova shall accept no responsibility for any technical issues that may prevent the oral examination from being correctly carried out.

For candidates who have also submitted an application for priority research topics, the Committee will also verify their suitability and preparation for the specific subject.

The candidates will be examined in the order shown in the table below.

Each candidate will be examined for 15 minutes.

Oral examinations are public.
